Hi Jackie & Sarah,

Here is the information from BPPD on the draft plant biostimulant guidance. Since this is still in the proposal stage, there is no link. Please let us know if you have follow-up questions.

Date Finalized	Office	Guidance	Summary and Link	Link
N/A	OPP	Proposed Guidance on Distinguishing Claims for Plant Regulators and Plant Biostimulants	This proposed regulatory interpretation guidance is intended to reiterate the FIFRA exclusions from the definition of plant regulator; provide industry, regulators, and enforcement with terms that can be used to distinguish plant regulators from plant biostimulants; identify examples of plant regulator claims on product labels; identify examples of non-plant regulator claims on product labels. Dear colleagues,

Kaitlin Keller has requested information about the OPP guidances you are working on by this coming Wednesday, November 28. In particular, they are requesting we compile a list of any guidance documents that exist in the public domain and/or we rely on internally that are considered to be in “draft” or “interim” form. Could you please provide a list of these guidances – such as the Biostimulants Guidance and Synergy Guidance by noon time on Wednesday, November 28 to me and Sarah Hoyt. Please see the attached file for the format.

We regret the quick turnaround. Thank you, Jackie
